YCH Group Company Limited

About Our Company

YCH Group Co., Ltd. – Blister Packaging Machine Specialist

Founded in 2010 in an 8×8 m shop with five staff and one goal: “to build Thailand’s most trusted blister packaging machines.”

We design and manufacture blister and thermoforming systems for pharmaceuticals, medical devices, food, cosmetics, and industrial products. YCH has delivered 200+ machines across Thailand and overseas (Korea, Egypt, Tanzania, Vietnam, ASEAN).

What drives us: Precision engineering • Customer-specific customization • Continuous innovation • Reliable after-sales.

With 15+ years of hands-on building, we’re a true manufacturer—own design, machining, assembly, automation, and QC. We develop our own controls, HMIs, format molds, and sealing technologies to meet EU-GMP, ISO, FDA 21 CFR Part 11, EU Machinery Directive and cleanroom standards.

Now headquartered in a 3,200 m² facility with expanded capacity, YCH is ready for its next chapter: “Global expansion with a Thai-made heart.”

OUR SERVICES

01 PHARMACEUTICAL BLISTER

Balcony-type ALU-ALU & ALU-PVC lines for tablets/capsules. Validated sealing, in-line vision/leak tests, 21 CFR Part 11 and full IQ/OQ support.

02 CLEAR FILM + PAPER BLISTER

Retail-grade clear+paper / trapped blister. Quick changeovers, chain/pallet handling, HSL paper cards, with vision inspection and coding options.

03 THERMOFORMING MACHINE

Rollstock form-fill-seal for food/medical/consumer. Modes: Vacuum / MAP / VSP. Hygienic stainless frame, servo indexing, tool-less die change.

04 CARTONING MACHINE

Auto erect-insert-leaflet-close (tuck or hot-melt) with vision/weight checks and serialization. Easy integration with upstream blister/flowpack.

YCH Group History

Ingoude
Company

Since 2010, YCH Group has advanced from local pharma projects to exporting 200+ blister systems—culminating in high-speed, Part 11-ready machines. Below is the path that got us here

2023
–
2024

Pallet-type blister & capacity expansion

Introduced pallet-index blister lines for lipstick and nasal inhalers.
Completed a new 3,200 m² manufacturing facility.

2013
–
2016

New models & markets

Launched the V16 pharma blister.
Engineered clear+paper blister lines for toothbrush packaging and thermoforming systems for medical devices.

2010
–
2012

Company founded

YCH Group established with one mission: **build Thailand's most trusted blister machines.**

2025

High-speed & digital-ready

Released a high-speed blister platform, 21 CFR Part 11-ready with OEE/data logging, balcony frame and cleanroom-friendly design.

2017
–
2021

Specialty applications

Designed and built packaging lines for sutures, menthol nasal inhalers, and condoms.

2010
–
2012

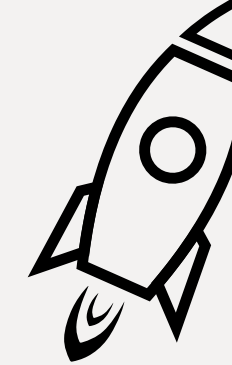

First wave in Thailand

Delivered 20+ blister machines to Thai pharmaceutical plants; captured field data to develop the next-generation platform.

YCH Group Company Limited

Vision and Mission Company

Vision

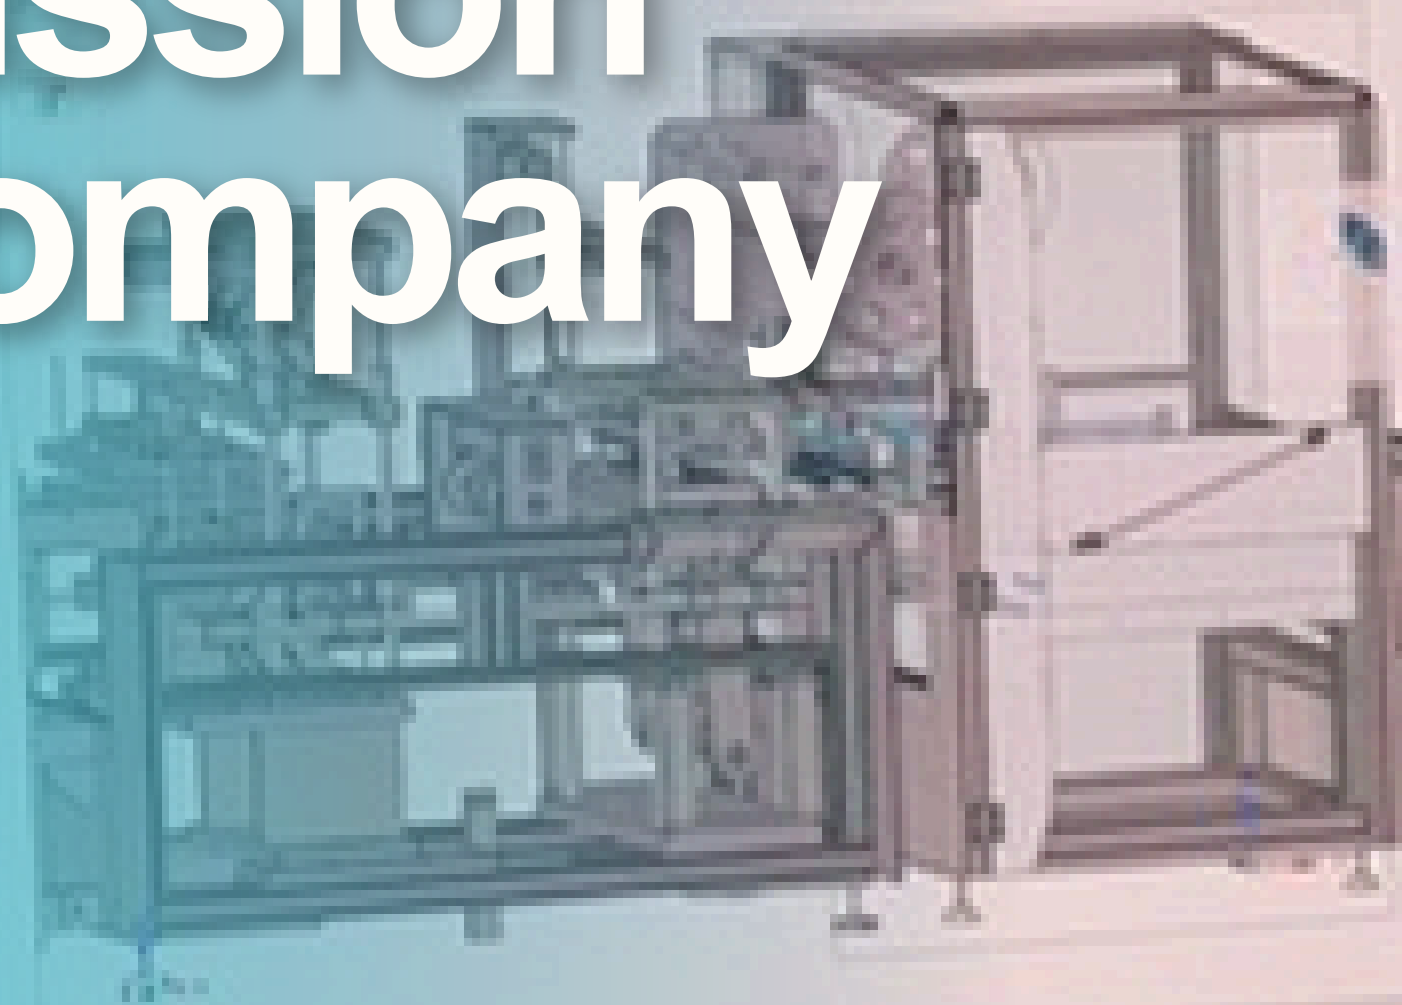

"To be the leading manufacturer of high-quality blister and thermoforming packaging machines in Southeast Asia, delivering GMP-compliant, customizable, and efficient solutions to global partners."

YCH Group Company Limited

Vision and Mission

Vision

"To be the leading manufacturer of high-quality blister and thermoforming packaging machines in Southeast Asia, delivering GMP-compliant, customizable, and efficient solutions to global partners."

Mission

- Engineering Excellence: Design and build robust, modular, and long-lasting machines.
- Global Standards: Comply with EU GMP, ISO 14644, and cleanroom requirements.
- Turnkey Customization: Deliver flexible packaging solutions for pharma, medtech, and consumer industries.
- Smart Automation: Integrate servo, PLC/HMI, vision, and Industry 4.0 for high productivity & traceability.
- Long-Term Partnership: Provide consultation, FAT/SAT, validation (IQ/OQ), and responsive after-sales service.

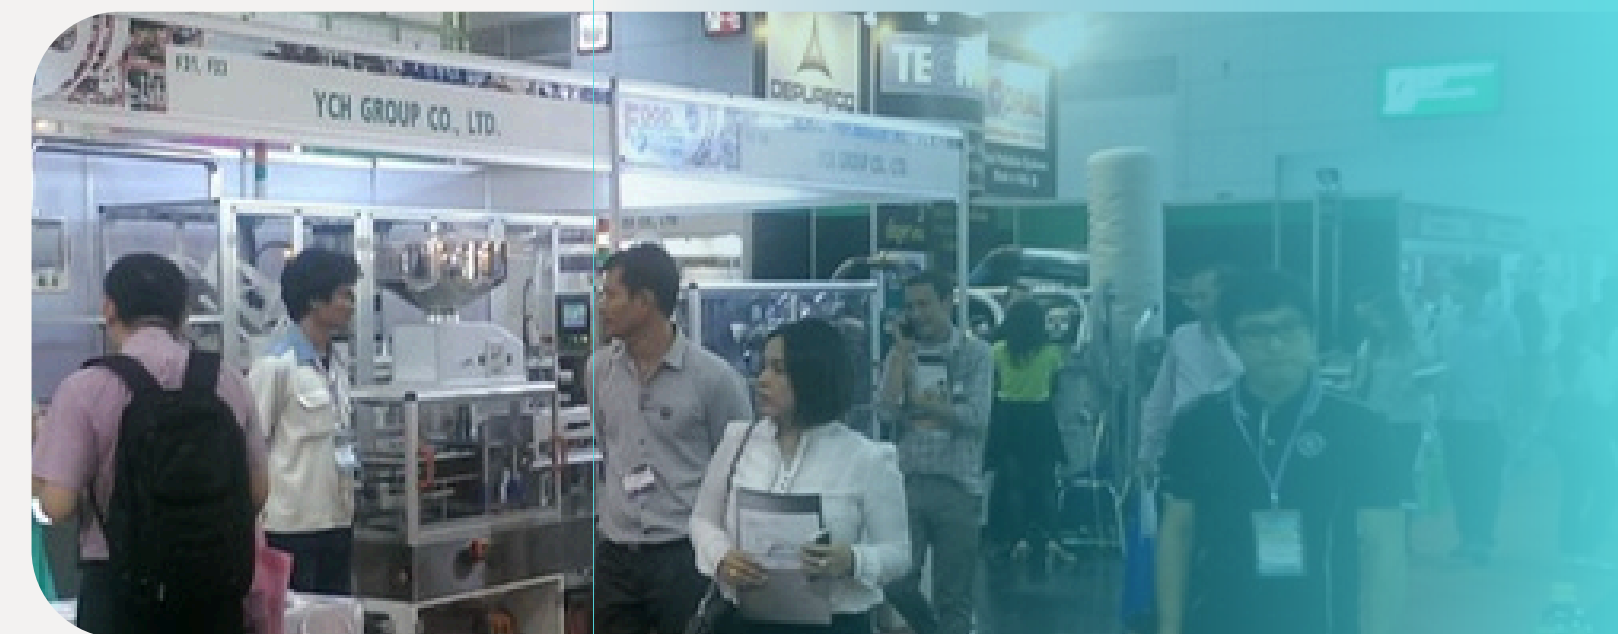

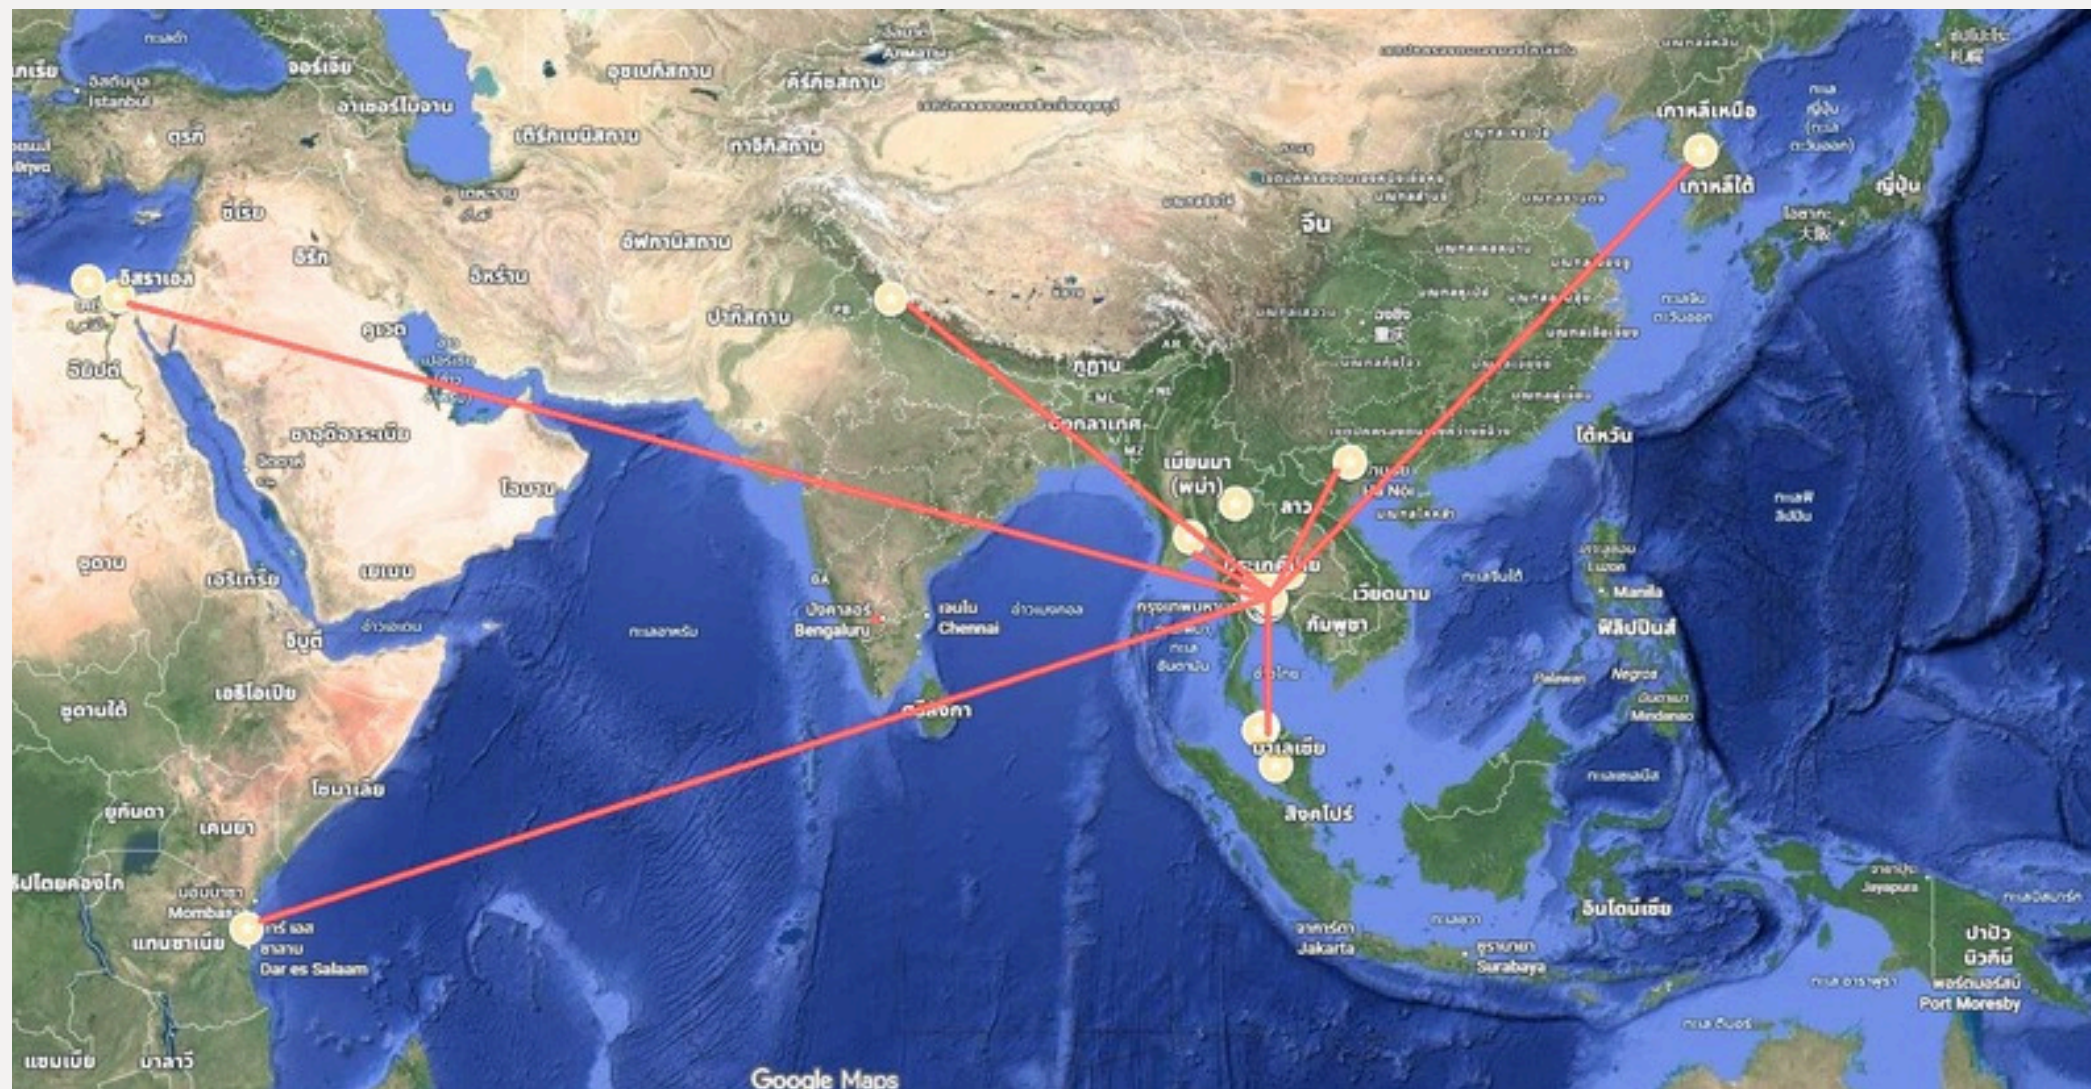

Clients and Market

Target Market

“At YCH Group, our clients are at the heart of everything we build. From leading pharmaceutical manufacturers to medical device innovators and consumer product companies, we are trusted by partners across Thailand and around the world. Every project reflects our commitment to engineering excellence, reliability, and long-term partnership. Whether it’s blister packaging machines, automation systems, or customized solutions, our clients count on us to deliver performance and service they can rely on.”

Clients and Market

More than 2000 Format Parts all the world

CSR

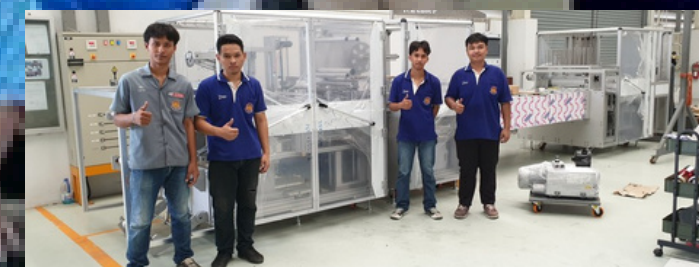

At YCH Group, we believe that true success goes beyond business growth.

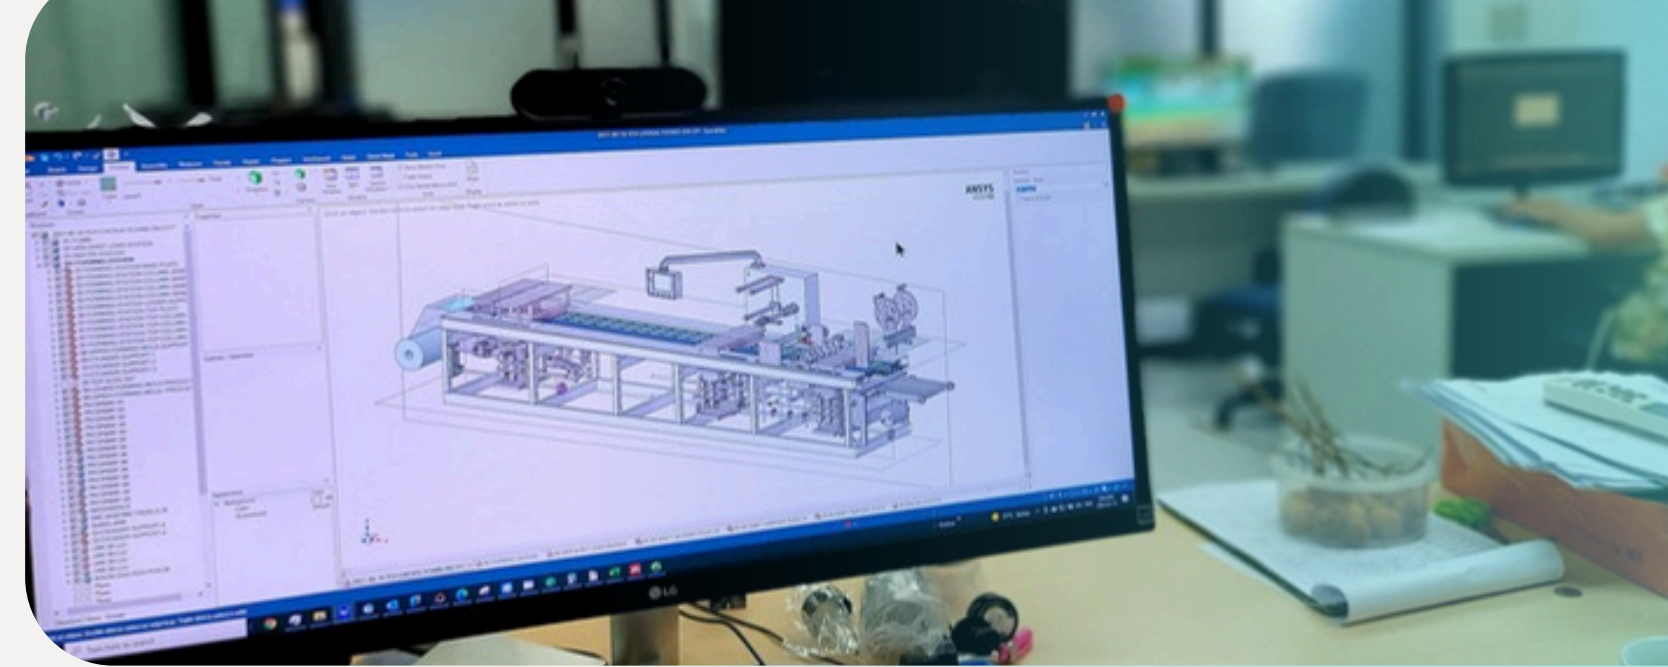

Our responsibility is not only to deliver world-class blister packaging machines, but also to create value for people, communities, and the environment.

Our Commitments

- Community Support 🤝 – Partner with local schools, vocational institutes, and universities to provide training, internships, and knowledge sharing for the next generation of engineers.
- Environmental Care 🌍 – Optimize machine designs to reduce energy consumption and material waste, while promoting recyclable packaging solutions.
- Employee Well-being 💙 – Foster a safe and supportive workplace with continuous training, career development, and strong safety standards.
- Ethical Business ⚖️ – Conduct business with integrity, transparency, and fairness with all customers, partners, and suppliers.
- ✨ Together, we engineer not just machines, but a sustainable future.
